

## Call for Abstracts: Art Slutsky Research Day, Tuesday, June 20, 2017

Greetings!

We are requesting abstracts for the Annual Art Slutsky Research Day in Critical Care to be held on **Tuesday, June 20th, 2017** at the University of Toronto Munk School of Global Affairs, Trinity Site, 1 Devonshire Place. Basic science and clinical research submissions from investigators in Adult/Paediatric Critical care and Anaesthesia are welcome!

The research day is an excellent opportunity for faculty, fellows, residents and graduate students to discuss their research with colleagues. For those who have submitted to this year's ATS or other meetings, please also share your work with your colleagues in Toronto!

Your abstract can simply be one already submitted to another meeting. Please e-mail all appropriately formatted abstracts (see instructions below) to Margaret Herridge ([margaret.herridge@uhn.ca](mailto:margaret.herridge@uhn.ca)). Please indicate who the presenter will be. **The deadline is May 9th, Tuesday, for submission of abstracts.** This is a strict deadline and we encourage you to submit in advance of this.

You will be notified whether your project has been accepted for an oral or poster presentation. We will be seeking a balance between the presentations from the various disciplines and basic vs. clinical research. Monetary prizes will be awarded for the best basic and clinical research presentations and posters. To be eligible, the presenter must be a research/clinical trainee or junior staff (less than 3 years on faculty).

### Abstract Formatting Guidelines:

Please use the format of your ABSTRACT according to the example below.

1. Font style: Times New Roman size 10
2. Title must be CAPITALIZED and **bolded**
3. Author names should be written as JB Smith, J Doe, P Anonymous
4. Affiliations should be *italicized* and written as *Department of \_\_\_\_\_, University of Toronto*
5. Introduction & Objective: This explains what I am going to do and why
6. Methods: This explains how I did it
7. Results: This is what I found
8. Conclusion: This is what I think it means
9. *Supported by: List agency if there is one (italicized)*
10. Save the document in WORD format titled: "Last Name, First Name – Art Slutsky 2017 Abstract" and send to [margaret.herridge@uhn.ca](mailto:margaret.herridge@uhn.ca).

We look forward to receiving your abstracts and seeing you at the research day.

Sincerely,

Drs. Laurent Brochard, Margaret Herridge, and Hannah Wunsch  
IDCCM Research Day Co-Chairs
